

EXECUTIVE SUMMARY
DATA COLLECTION CONSULTANT SELECTION RFP

Objective: To inform the Executive Committee that a new RFP will be issued for a consultant to conduct data collection (traffic counts).

Considerations: The SMTC Executive Committee approved the selection of Quality Counts LLC at their March 2, 2018 meeting. Due to issues with contract negotiation, the SMTC notified the consultant on April 6, that the contract will not be executed. The SMTC will be issuing a new RFP for consultant services.

Staff Recommendations: No action is required of the Executive Committee at this time.
