East Genesee St. Sidewalk Study Public Meeting

Syracuse, N.Y. — A public meeting will be held on Wednesday, March 23, 2011 at 6:30 p.m. in the Nottingham High School Cafeteria, 3100 E. Genesee St., Syracuse, NY.

At the request of the City of Syracuse, the Syracuse Metropolitan Transportation Council (SMTC) is examining the feasibility of completing the sidewalk network along East Genesee Street between East Avenue/Brookford Road and the eastern City line, and assessing the existing sidewalk on Meadowbrook Drive between Hurlburt and Kimber Roads. The project will also establish planning level cost estimates of recommended sidewalk facilities. Those in attendance at the March 23 public meeting will hear about the existing conditions and traffic operations along the corridor and will have the opportunity to provide input on how the East Genesee corridor can better service pedestrians.

For additional information about the project or the public meeting, or to ensure accommodation for special needs, please contact the SMTC at (315)422-5716.

What is the SMTC?

The Syracuse Metropolitan Transportation Council was formed in 1966 as a result of the Federal Aid Highway Act of 1962 and Urban Mass Transportation Act of 1964. Serving as the metropolitan planning organization (MPO) for the Syracuse Metropolitan area, the SMTC provides the forum for cooperative decision making in developing transportation plans and programs for Onondaga County and small portions of Madison and Oswego Counties. The SMTC is comprised of elected and appointed officials, representing local, state and federal governments or agencies having interest in or responsibility for transportation planning and programming.
