

## Major Projects from the 2020-2024 TIP

As required by 23 CFR Part 450.326(n)(2), the following table highlights the major projects that were implemented or delayed from the 2020-2024 TIP. The listing below is specific to the first, second, and third year of the 2020-2024 TIP (i.e., Federal Fiscal Year [FFY] 2019-2020 through 2021-2022, which covers October 1, 2019 through September 30, 2022).

The SMTC has defined a major project as any TIP project with an overall total construction and inspection cost (i.e., federal funds + match) of \$3 million or more. As such, the number of construction projects contained in the information below may be less than the actual number of construction projects programmed in a given year.
