2026 Community Streets: Ed Smith PTO

The Ed Smith Parent Teacher Organization (PTO) aims to improve pedestrian safety and mobility near Ed Smith K-8 School through the installation of painted curb extensions. Visually reinforced by temporary flex posts, the narrowed intersections look to slow drivers and improve visibility for the youngest students. The curb extensions are bright blue and yellow, bringing the school's colors into the surrounding neighborhood, along with their mascot's coyote paw print.

Project Details

Project Sponsor: Ed Smith Parent Teacher Organization (PTO)
Location: Lancaster Ave / Andover Rd and Broad St / Kensington Pl intersections
Details: Painted curb extensions in the Ed Smith K-8 School colors with coyote paw prints.
Installation Date: June 21, 2026
Removal Date: October 31, 2026 (flex posts only)

2026 Community Streets: Syracuse Urbanism Collective

Hawley Green

The Syracuse Urbanism Collective aims to improve pedestrian safety and accessibility through the use of painted curb extensions throughout the Hawley-Green neighborhood. The colors were selected to mimic the Syracuse flag, tying them into their recent project in Downtown Syracuse. The curb extensions visually narrow the roadway and reinforce existing parking regulations. Flex posts add to the visual narrowing and help prevent drivers from parking near the intersection, helping improve visibility for other road users.

Project Details

Project Sponsor: Syracuse Urbanism Collective
Location: Hawley Ave / Catherine St / Green St, Hawley Ave / Howard St / Gertrude St, and Hawley Ave / N Crouse Ave intersections
Details: Painted curb extensions in the Syracuse city flag colors.
Installation Date: July 24-26, 2026
Removal Date: October 31, 2026 (flex posts only)

2026 Community Streets: Alchemical Nursery

Building off the success of their previous Community Streets project in 2024, Alchemical Nursery aimed to celebrate their neighborhood through depicting a community feast in an intersection mural. The mural depicts foods from around the world with unique characters around the table, all designed by community members during their annual block party. The intersection mural is part of the group's beautification goals for the neighborhood as well as acting as a traffic calming measure as vehicles approach the intersection.

Project Details

Project Sponsor: Alchemical Nursery
Location: Otisco St / Ontario St intersection
Details: Street mural at the intersection.
Installation Date: September 7, 2026
Removal Date: N/A

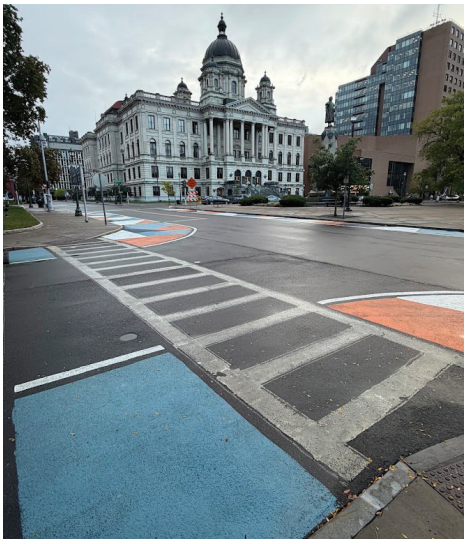

WATCH FOR CHILDREN

2026 Community Streets: Syracuse Urbanism Collective

Downtown Syracuse

The Syracuse Urbanism Collective aims to improve pedestrian safety and accessibility through the use of painted curb extensions at the S Salina St / Jefferson St and Montgomery St / Jefferson St intersections in Downtown Syracuse. The colors were selected to mimic the Syracuse city flag as an additional way to bring civic pride to the central business district while visually narrowing the roadway and reinforcing existing parking regulations. The project expands upon the Collective's 2025 project, creating a cohesive corridor down Jefferson St.

Project Details

Project Sponsor: Syracuse Urbanism Collective
Location: S Salina St / Jefferson St and Montgomery St / Jefferson St intersections
Details: Painted curb extensions in the Syracuse city flag colors.
Installation Date: September 27, 2026
Removal Date: N/A
